

President/CEO

We have a rare opportunity for a seasoned strategic professional to lead our comprehensive system of publicly funded behavioral healthcare available to Hamilton County residents.

Who We Are

Hamilton County Mental Health and Recovery Services Board (MHRSB) provides leadership in public behavioral health care as the authority charged under ORC §340 with planning, funding, and evaluating behavioral health care in Hamilton County. MHRSB is statutorily prohibited from providing direct care to clients and instead contracts with numerous agencies to provide direct care in a community based (non-hospital) setting. Together we form a network of care that affects the lives of over 25,000 clients, helping them lead healthy and productive lives.

We are committed to providing a diverse, equitable, inclusive, and accessible place of employment and we offer a full array of benefits.

You will have responsibility for:

Service Goals

- Providing a system of care with a wide array of Evidence Based Treatment Services that ensures a high quality of care for Hamilton County residents and promotes recovery and a favorable quality of life
- Reducing the impact of opiate addiction on individuals and the community
- Promoting prevention and education efforts that reduce the impact of mental illness and addiction in the community
- Expanding recovery supports
- Ensuring individuals with behavioral health needs are treated in an environment that best meets their needs
- Supporting the development and retention of a professional workforce adequate to meet the needs of the community
- Enhancing opportunities to integrate behavioral health and primary health care

Stewardship Goals

- Maximizing efficiency and effectiveness of the Hamilton County behavioral health system
- Ensuring financial viability of the HCMHSB and its service delivery system through efficient, accountable, and responsible financial management
- Maintaining system-wide procedures that achieve compliance with all legal obligations and reporting requirements
- Organizing board staff and other resources in a manner consistent with established priorities and available resources, and monitor organization at all levels for effectiveness and efficiency
- Advocating to local community, and state and national elected officials to provide increased support for community-based services
- Preparing for changing community needs and changing financial environments while maintaining consistent levels of care

Minimum Qualifications:

A qualified master level mental health or addiction services professional with experience in administration or a master level professional administrator with experience in mental health services or addiction services

Position open until filled
